

a side rim member at each of said pair of cover sides and an end rim member at one the other of said cover ends;

said crown, pie and rim members being molded as a one-piece, unitary structure.

REMARKS

Claim 35 has been amended under 37 C.F.R. §1.116(b) in order to place this claim in better form for consideration on appeal. The amendment goes to form only, not substance, and is to avoid a potential indefiniteness rejection by the Board of Patent Appeals and Interferences. The amendment was not earlier presented as neither the Examiner nor the undersigned recognized the potential defect in formality of the claim.

Applicants believe that no fee is due at this time. However, if any fee is due, please charge the undersigned's Deposit Account No. 23-3000.

Respectfully submitted,

WOOD, HERRON & EVANS, L.L.P.
